

Model 6400

Programmable Touchscreen Thermostats

6100 1 Heat / 1 Cool
6300 4 Heat / 2 Cool
6400 4 Heat / 2 Cool with Humidity Control

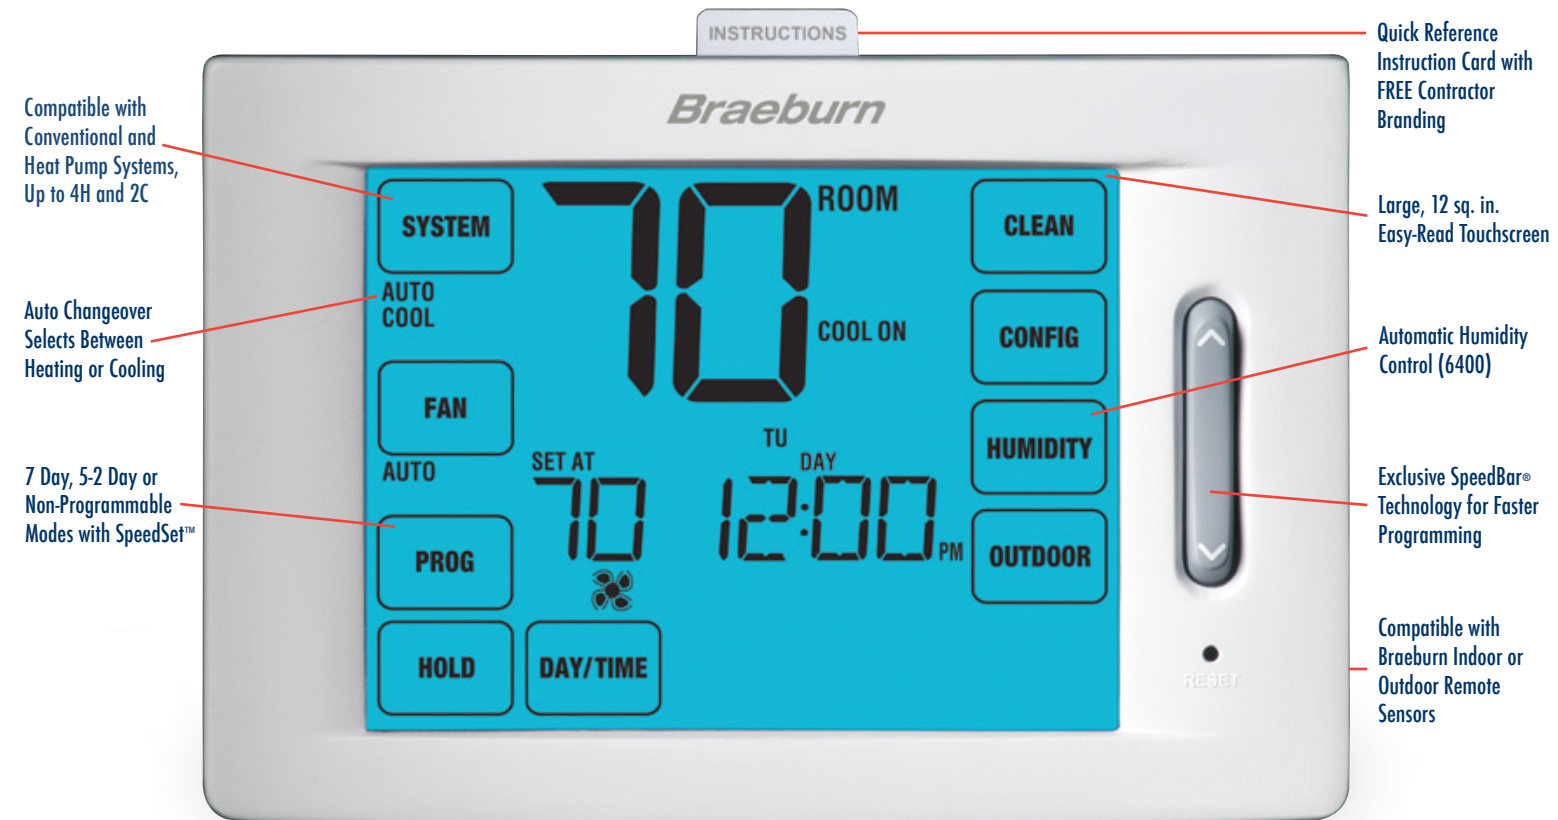

Everyone is searching for an affordable touchscreen thermostat with the quality and features customers demand. We've got the solution—Braeburn's Hybrid Touchscreen with SpeedBar® Technology. It solves the problems associated with today's touchscreen thermostats. With our exclusive SpeedBar, over-sized characters on a 12 square inch display, and Quick Reference Instruction Card, customer callbacks will be last year's technology.
