Universal enclosures for indoor applications

Enabled plus

From our small boxes to large suitable floor-standing enclosures, with the Spacial range you can find the perfect fit for your applications. Our extensive range of easy-to-use accessories helps you save time during your projects.

Select between steel or stainless steel to better suit the installation environment. In our stainless-steel offer you can find the optimal solution where cleanliness is required, or for highly corrosive environments.

Get your enclosure ready to use, with P&S personalized Offer

"Personalize" means changing the characteristics of the standard product so that it adapts even more to the specific needs, but also to ensure factory pre-assemblies. To personalize is therefore to bring more added value to our products by mounting an

accessory or by making cutouts for the installation of cable glands, grid, fan, etc. also special colors and finishes are possible. The personalization of the enclosure can start from very simple adaptation to complex with co-engineered solutions.

Spacial enclosures SBM - S3D/CRN - SF/SM

IEC standard

Wall-Mounting

S3D & CRN
The steel enclosure with the greatest range of available dimensions on the market!

Useful life
Quality of the welding and the painting.

Component security

- Water and dust tightness and impact resistance.
- EMC and ATEX offer.

Increased choice

- Large range of universal dimensions.
- Application offer with special dimensions.

Easy maintenance

- Removable hinges.
- 1 lock system from the height of 600 mm.
- 3-point lock from the height of 600 mm.

Personnel safety

- Earthing studs welded to the body and door.

Industrial Box

SBM
Simplicity, ergonomics, and versatility, it's all in the box.

Ergonomics

- Cover opening and accessory mounting with just a screwdriver.

Sturdy and good ingress protection

- Mechanical protection rating up to IK10.
- Ingress protection rating up to IP66.

Modularity

- 28 sizes available.

Floor-Standing

SF

Adapts to all your needs. Assembled delivery for a ready-to-use solution.

SM

Multi-purpose IP55 compact steel enclosure for fast and simple solutions.

Practical

- Door rails, which can be height-adjustable and used for fixing cables.
- Can be installed adaptation profile in the front and rear of the enclosure and the universal 40-mm cross rail (1 row) in the rear provides the same fixing points as the modular enclosure.

Protection

- IP guaranteed by the rigidity of the enclosure, the expanded-polyurethane sealing gasket of the enclosure and the subsequent welding.
- Double-door enclosures with inner lock on the left door.

Comfort

- Handle with sturdy design for easily activating the locking system, allowing the installation of any shape insert and any cylindrical combination key.
- Easily interchangeable insert with one click.

Fast

- The double system of cut-outs on the structure allows most accessories to be installed using self-tapping TORX T30 M6 screws or nuts.
- Clip-on quick-fixing cross rails, fixed with self-tapping screws.
- Door installation inserting the captive pins of the hinge in their housing in the door.
